LARGE RESERVES SHOWING

Lowering of Shaft to Twenty-
One Hundred Level Will
Soon Be in Order

The Tonopah Extension Mining company, one of the most aggressive corporations in the west, continues development and new ore bodies are being found with great frequency. This is evidenced from the rapid advance in the price of shares which has taken place during the past few days.

At the factor shaft work is going forward with highly gratifying results. On the 1889 level and great quantities of a high value ore are exposed in the various workings. The shaft recently attained a depth of 2000 feet, but sinking is to be continued until a depth of 2125 feet has been secured. Cutting of the station at the 2000 level is now in order, and as soon as this undertaking has been completed drifts will be extended to undercut the workings on the 1889 level, whence rich lodes and profitable bodies of ore are now showing.

The mill is running steadily and a splendid earning is being made. It is only the matter of a short time until the output will be increased materially.

CO-PARTNERSHIP MEETS SUCCESS SAY BROTHERS

London Firm Treats Employees
Excellent and Carries
Insurance for Workers

LONDON, Aug. 26.—At the main moth establishment of "Lever Brothers, Port Sunlight," Lord Leverhulme has long demonstrated to the commercial world that it pays to treat employees well. The co-partnership idea has been the foundation of his gigantic business. He has just carried that idea a long step farther. Life insurance policies will be taken out by the company for every co-partner in the firm, from laborers to directors. The policies of ordinary members of the staff will be worth from 100 pounds to a maximum of 1,000 pounds; those of foremen from 200 to 5,000 pounds, and those of managers from 400 to 4,000 pounds. A system of grading is to be instituted to determine the amount of the policy allotted to each person. Devotion to duty and efficiency will lead to promotion to a higher grade and an increase in the amount of the policy, while for inefficient or careless work an employee may be graded down.
